EDUCATION

RMIT University Melbourne, VIC	Bachelor of Design (Digital Media) Specialisation: UI/UX and Motion Design Current GPA: 3.8/4 (as of 2025)	September 2023 – Present
UTS College Sydney, NSW	Diploma of Design and Architecture (Accelerated) Overall GPA: 6.5/7.0	September 2022 – July 2023

EXPERIENCE

AEK Media – <i>Junior Digital Designer (Remote)</i> ; Sydney, NSW	September 2023 – March 2024
- Designed and developed PLM software startup interfaces through comprehensive UX research and accessibility testing, creating cohesive user-friendly experiences for SupplyScope product launch - Executed QA to resolve 4 + critical issues daily, improving product usability and consistency - Produced 15 + Figma design assets daily (web layouts, social graphics, ads) aligned to brand guidelines. - Contributed to the creation of a scalable design system, streamlining the design-to-development handoff and reducing inconsistencies across product updates - Tools used: Figma, Notion, Slack, Asana, After Effects	
AEK Media – <i>UI/UX Design Intern</i> ; Sydney, NSW	July – September 2023
- Collaborated with Head Designer to create intuitive web app interfaces and design systems for PLM software startup while maintaining product consistency across all touchpoints - Rapidly upskilled to expert-level Figma proficiency within 2 months, demonstrating adaptability and technical growth - Mapped comprehensive user workflows and interaction flows to clearly communicate app functionality to cross-functional stakeholders including Head Designer, CEO, and development team - Conducted quality assurance reviews of existing interface designs, identifying usability issues and proposing efficiency improvements to enhance user experience	
Ellen Cafe – <i>Front of House</i> ; Sydney, NSW	March – July 2023
- Delivered exceptional customer service in a fast-paced café, contributing to \$12,000+ in average weekend sales and maintaining front-of-house efficiency. - Greeted customers in a friendly and professionally to ensure customers feel welcomed	

ACADEMIC PROJECTS

GRAP2588 Mobile App Design – <i>Client: Chinatown Heritage Preservation</i>	Semester 2, 2024
- Led four member cross-disciplinary team as Project Manager over 6-8 weeks, awarded High Distinction (95/100); praised by lecturer for "industry-ready" concept - Recognised for outstanding project management with personal feedback highlighting ability to "bring the best out in your team" - Produced professional promotional video and managed complete project lifecycle using Figma, After Effects, Premiere Pro, Trello and Mural while maintaining design consistency across all deliverables - Facilitated weekly client check-ins (with lecturer) and feedback loops, ensuring stakeholder alignment and iterative improvement throughout the project	
COMM2591 Canva Interface Redesign & Optimization – <i>Redesign Project</i>	Semester 4, 2025
- Conducted comprehensive UX research and testing using 8+ methodologies to identify and validate 3 critical interface problems, achieving 82/100 average across assignments - Increased task success rate from 79.5% to 95.5% and reduced workflow completion time from 52 seconds to 16 seconds through strategic redesign of core user workflows - Delivered comprehensive case study with working prototype, A/B test comparisons, and documented design rationale using evidence-based UX principles - Collaborated with 5 peer testers and iteratively refined interface based on user feedback, enhancing accessibility and onboarding clarity	

HONOURS

Dean's Merit Prize (UTS College)

Semester 3, 2022
